Paper Submission
ICICIC2025 invites two types of submissions and submissions are subject to blind peer view. All accepted papers will be included in the ICICIC2025 program and proceedings, and should be presented at the conference by one of the authors.

Full Paper Submission. The submission should be written with title, authors' names, affiliations, email addresses, an up to 150-words abstract, and a one-column body within 8 single-spaced pages (A4 paper, 12pt font size). The submission of a paper implies that the paper is original, has not been published or submitted under review or is not copyright-protected elsewhere.

Accepted papers with high quality presented at ICICIC2025 will be selected and recommended for possible publication in some international journals (Scopus indexed journal, subject to meeting Scopus indexing standard).

Extended Abstract Submission. The submission should include a brief introduction of the work, research questions, methodologies and some preliminary results within 2 single-spaced pages (single column, A4 paper, 12pt font size).

Authors are invited to submit papers in PDF format (no more than 1.5MB size) through the conference submission system: http://www.icicconference.org/ICICIC2025
